**MEMORANDUM**

TO: City Council President and Members

FROM: City of Vineland Revolving Loan Fund  
Second Generation Loan Committee

SUBJECT: **Applicant:** City of Vineland  
**Grant Amount:** \$23,185.50

DATE: May 10, 2016

Dear Council President Fanucci, Councilmen Procopio, Spinelli, and Councilwomen Calakos and Gonzales:

On behalf of the City of Vineland Revolving Loan Fund Second Generation Loan Committee, please accept this letter recommending a grant be given to the above applicant for a second generation grant in the amount as stated herein above.

Please note that the committee finds that the purpose of the loan meets the criteria set forth in the Statute made and provided governing Urban Enterprise Zone Loans/Grants. The committee further finds that the grant will promote economic development, creation/retention of jobs, and/or tax ratables that will benefit the City of Vineland.

Respectfully submitted,

Sandra Forosisky  
Director of Economic Development

**Re:** Sweeper for Landis Avenue Sidewalks - \$23,185.50

---

Attached are specifications for a sweeper needed to clean the Landis Avenue sidewalks. The sidewalks have weeds growing through the cracks between the pavers, and cigarette butts are accumulating, which makes it look very dirty and unkempt. This sweeper will also be able to sweep the parking lots between Elmer and Wood Streets. The curb lines and corners in the parking lots will look much better. The Public Works Superintendent, Mark Guglielmi, and the VDID Director, Russ Swanson, have entertained five machine demonstrations from three different companies over the past several months. The sweeper selected was deemed to be the best value for what it could accomplish with the sidewalks. The sweeper cost is being paid 50% by funding in the Solid Waste capital funding, which is different from Public Works capital funding, and if approved, 50% from the UEZ. The total machine cost is \$41,349, and 3-years of complete maintenance, including labor and parts, is \$5,022. This includes brushes, which should be replaced every year.
