Project Agreement

- FHWA requirements (<http://www.fhwa.dot.gov/federal-aidessentials/companionresources/45projreq.pdf>) state that the subaward (Project Agreement) agreement is contingent on the project agreement between the State DOT and FHWA. The subaward agreement makes Federal-aid available to the LPA, but any costs incurred prior to a subaward agreement are ineligible for reimbursement.
- Return four (4) original signed in blue ink and sealed copies of the agreement attaching (i) signed in blue ink/sealed Resolutions (authorizing the Officials to sign the agreement) (ii) Scope of Work (narrative or description of the project) and (iii) a cost estimate used for authorization purposes; for execution by the Department. You must also enter name/titles of officials in the agreement, where required, to expedite processing by this office.
- DO NOT enter the date on page 1.
- Signed copies of the agreement should be returned within 45 days of this letter.

Project Billing

- NJDOT must receive an initial billing (payment voucher) from the recipient for the construction project no later than 3 months after the project kickoff meeting. NJDOT must receive subsequent billings (payment vouchers) on a monthly basis after the initial billing but no later than 3 months thereafter as stipulated in the project agreement. Failure to meet the billing requirements may result in the restriction of authorization of any future FWHA funding until such time as progress on timely billings is demonstrated.
- The project will be considered "Inactive" if Vineland City fails to submit an invoice within the durations described in 23 CFR 630.106. It is Vineland City's responsibility to ensure that the federal funding is not jeopardized for this project due to an "Inactive" project status.

Final Inspection and Closeout

- Final Inspection is not applicable.
- Close-out documents shall be submitted by Cumberland County to NJDOT within 6 months of receipt of acceptance by NJDOT.

Failure to meet the time requirements for project close-out may result in the restriction of authorization of future FWHA funding until such time as progress on close-out is demonstrated.

Vineland City may appeal decisions made by NJDOT regarding all above compliance issues on a case-by-case basis, but NJDOT reserves the right to make a final determination whether to continue funding the project or not. NJDOT will be reviewing the status of the federal-aid agreement and the issues associated with compliance on a monthly basis.

It is the NJDOT's desire to make the process of funding and oversight as reasonable as possible and at the same time satisfy FHWA requirements. Vineland City's cooperation will greatly facilitate this effort and assist in future funding.
