## Summary of Project

Specification for  
Traffic Control– Open Ended

To: Council Members

From: Robert Napier, Superintendent Distribution

This project covers Traffic Control services needed by the Vineland Municipal Utilities. The project specification details the requirements for traffic control services needed in order to setup safe work zones for utility construction workers, including flagger service and crash trucks. The initial period of the open-ended contract is for one (1) year with an option for extension of the contract for an additional period of one (1) year. This is an open ended specification meaning pricing is obtained by unit pricing. Work will be ordered through separate purchase order, for projects and regular work requirements within in the authorized budget limits.

**PURCHASING AGENT REVIEW**  
**COV BID # 2020-01**

Proposals were received and opened Tuesday, February 11, 2020 at 2:00 PM for Traffic Control Services from the following:

AWP Inc:	\$373,825.80
MPT Rentals Inc:	\$385,162.50
Advanced Traffic Control LLC:	\$386,725.00

Comments: All bidders submitted all the mandatory documents.

**Recommendation:** Recommend award to AWP Inc. as they provided the lowest bid unless the using Department after their evaluation can justify why AWP should not be awarded the contract.
