RE: Landis Avenue Sidewalk Safety Improvements
Transportation Alternatives Set-Aside Grant Application
City Eng File No.: 22-030

At the direction of Mayor Fanucci, our office is proceeding with an application to NJDOT for funding to improve the sidewalk along downtown Landis Avenue. The block that seems to have the greatest need is the 600 block. Our office has dealt with numerous complaints related to the stormwater manifolds, the brick pavers have settled unevenly, and the electric utility vaults need the lids to be reset.

I respectfully request that City Council approve a resolution supporting this application for \$1.5 Million grant funding at their meeting of October 25, 2022.
