RE: State Street  
Request to Amend and Repeal No Parking Ordinances

Bob Dickenson, Business Administrator:

Our office originally sent this request to your office on August 3, 2023, but then we had it pulled from Council due to the current senior housing construction. After review of the Newcomb Senior Housing site plan, revisions were made to the State Street No Parking request from last month's letter. The only change was for a section of on-street parking to also be permitted on the east side of State Street, just south of Almond Street.

I have received concerns from residents regarding speeding along State Street between Chestnut Avenue and Landis Avenue. Residents believe that speeding has increased since the development of the new Senior housing near Almond Street. Our office has since worked with Public Works Traffic Safety to complete a Work Order to install new and/or upgrade the existing speed limit signs. Additionally, our upcoming linestriping project this Fall includes State Street to be restriped to calm the traffic.

With that in mind, the existing double yellow centerline is located in the center of the road with on-street parking on the east and west side of the road in different limits. The roadway is not wide enough to accommodate parking on both sides of the street with two-way traffic. The roadway is 30 feet wide, which is only enough room to permit parking on one side of the road.

This section of State Street will be restriped to shift the centerline to the east so that the shoulder width on the west side of the road will be wide enough for on-street parked vehicles. Striping will result in two 10-foot travel lanes with an 8-foot shoulder on the west side of the road and a 2-foot shoulder on the east side. On-street parking will only be permitted on the west side of the road, except for parking on the east side of the road in one area. On-street parking will be permitted on the east side of State Street just south of Almond Street. The Newcomb Senior Housing site plan includes eight on-street-parking stalls.

A new Work Order will be sent to Public Works to update the No Parking signs on State Street to correspond with the revised ordinance. Also, a letter has been sent to all residents/property owners along this section of State Street. The letter notified them of the upcoming linestriping project and the revised parking restriction.

As a result, please prepare an Ordinance to repeal the following existing No Parking Ordinances established on State Street as follows:

Name of Street	Side	Ordinance No.	Location
State Street	East	§1294 (AMEND)	<del>From Landis Avenue to Chestnut Avenue</del>
State Street	East	NEW	From the northerly curbline of Chestnut Avenue and extending to a point 196 feet south of the southerly curbline of Almond Street
State Street	West	§1294 (REPEAL)	<del>From the prolongation of Almond Street to a point 280 feet southerly therefrom</del>
State Street	West	§99-14 (REPEAL)	<del>From a point 391 feet south of the southerly curbline (projected) of Almond Street and extending 130 feet southerly thereof</del>

Should you have any questions and/or comments please feel free to contact me at extension 4098.

Very truly yours,

David J. Maillet, PE
