Subject: EMERGENCY REPAIR: 3rd ST. (BETWEEN 3rd St ANNEX & LUCIANO)

Please take note that an emergency condition has developed on 3rd Street between 3rd Street Annex and Luciano Avenue, just north of Tarkiln Branch.

Corrugated metal storm piping has failed in the westerly paved shoulder, creating a void that threatens to undermine the travel lane. This poses an imminent danger to the public health and welfare if left unattended with more storms to come through and wash away even more of the roadway. Removal and replacement of the entire run of storm piping from Tarkiln Branch to the northerly manhole on 3rd Street will correct this issue.

Mathis Construction is being directed to commence this work in the earliest possible timeframe. Carmen will be entering a requisition this afternoon for the work. We will be funding this through our 2023 Capital Improvement bond.
