RESOLUTION NO. 6647

**RESOLUTION OF FINDINGS AND CONCLUSIONS AND
DECISION OF THE VINELAND PLANNING BOARD**

WHEREAS, City Council of the City of Vineland requested that the Planning Board review a proposed amendment to the Center City Redevelopment Plan for 40 W. Landis Avenue (Block 2802/Lot 2), submitted by Higher Places Ministries and provide comments regarding consistency of the proposed amendment with the Master Plan of the City of Vineland, on June 11, 2024; and

WHEREAS, the Planning Board, having considered the sworn testimony of Kathleen Hicks, PP, Supervising Planner, and having considered the Redevelopment Plan Amendment Report developed by City staff, made the following factual findings:

1. The application proposes the addition of a freestanding 3,000 square foot steel building for a food pantry and meeting space to an existing church property. This project is planned for this year. During the review process, the application was expanded to include the addition of a 2nd floor on the eastern side of the church (requires only interior renovation) and the construction of a 2-story addition in front of it. This project is planned for 2024 or 2025.
2. The property-in-question has an existing violation as 6 basketball courts replaced parking on the site. The parking lot configuration and landscaping also need to be addressed.
3. The property is located in a PC-Plaza Commercial Redevelopment District where churches aren't permitted.
4. In the City of Vineland Master Plan, the property is designated 'downtown commercial'. While the Plan recognizes houses of worship as existing uses in downtown commercial, the incorporation of the provisions of the Center City Redevelopment Plan into the Master Plan results in the existing church and proposed expansion being inconsistent with the Master Plan.
5. City staff recommended approval of the application subject to submission and approval of a site plan that would address parking and landscaping and improved aesthetics for the exterior of the food pantry so it appears less utilitarian industrial.
6. The applicant agrees to improve the aesthetics of the food pantry by coordinating the exterior with the church façade by installing Dryvit at the bottom, which will match the church façade, and metal siding above.

NOW, THEREFORE, BE IT RESOLVED, that the Planning Board of the City of Vineland recommends that City Council give positive consideration to the proposed amendment to the Center City Redevelopment Plan to allow for the addition of a freestanding 3,000 square foot steel building for a food pantry and meeting space to an existing church property and the addition of a 2nd floor on the eastern side of the church (requires only interior renovation) and the construction of a 2-story addition in front of it at 40 W. Landis Avenue (Block 2802/Lot 2).

The foregoing is a true copy of the Resolution of decision adopted by the Planning Board of the City of Vineland at a meeting held on June 12, 2024, as reflected in the recorded minutes of said meeting.

DATE: May 29, 2024

Staff members met today regarding the above-referenced Redevelopment Plan Amendment Request. The consensus of the staff is that the request should be approved subject to the following:

1. Submission and approval of a site plan that would address parking and landscaping.
2. Improved aesthetics for the exterior of the food pantry so it appears less utilitarian industrial. The church proposes Dryvit at the bottom, which will match the church façade & metal siding above.

Mrs. Kathy Hicks
Planning Department
City of Vineland

To whom it may concern:

My name is Ozzie Heredia and I am the Senior Pastor at Higher Places Ministries. We are a local church which has been in the City of Vineland for the past 11 years. We have recently applied for permission to construct a 3,000 square foot Food Distribution Center on our property and are undergoing the process with the Redevelopment procedure. This letter is to also inform the City and committees involved that we will also be building a 5400 sq. Ft. Addition to the existing HPM building. This addition will have two floors. This will house our administrative offices and some meeting rooms on the second floor. We will also be adding a second floor to the existing building in late 2024 or early 2025. This will all be interior work. Our church has an empty space between the first floor and roof of about 20 feet. So therefore we will just be adding a second story to our building. This will be used for additional rooms and for a meeting room on the second floor for event gatherings. This second floor will have an industrial kitchen for our personal use. We hope that this addition to our building will be considered at this time along with the Food Distribution Center so that we may be able to continue our proposed projects without having to visit this process once again. We thank you for your time and consideration. If you have any questions, please feel free to contact me at 856-265-9809. God Bless you all.

Best regards,
Pastor Ozzie Heredia
